

**Outstanding print quality.  
Faster time to market.  
Lower environmental impact.**

Phoenix Color's investment in a cutting-edge Heidelberg Speedmaster XL, a 10-unit offset press unlocks unmatched speeds and increased capacity. LithoFoil® cold foil printing and advanced perfecting deliver striking results and exceptional components.

### **Press capabilities**

- 40" sheetfed press
- Print up to 8 colors over foil
- Optimum color and register accuracy with Printect Inpress Color Control

### **LithoFoil® printing for near-perfect registration on all designs**

- Affix foil to the sheet using adhesive instead of dies
- Overprint using knock-outs and half-tones, eliminating the need for opaque white ink

### **Reduce production time with speed and automation**

- Up to 21,000 sheets per hour
- Inline perfector prints on both sides of the sheet in a single pass
- Plate changing time reduced by 50% with AutoPlate Pro
- Inline coater minimizes post-press finishing times

### **Sustainability for the future**

- LED-UV dryers consume less energy
- Reduced waste minimizes environmental impact
